Cordura® brand is the registered trademark of Invista for durable fabrics. The Woojin logo is a registered trademark of the Woojin group.

Catalogue 2024 vers1 ©Tech Vest Australia Pty Ltd 2024

Welcome to our 2024 Catalogue!

The Tech Vest® has been used extensively in the Underground Coal Mining industry throughout New South Wales and Queensland since 2001.

Designed to replace the traditional mining belt the Tech Vest® evenly distributes the carried load over the upper body and not just the waist and hips.

Benefits

- Safety:** Increased personnel visibility underground using 3M™ reflective materials.
- Comfort:** Even weight distribution over the upper body.
- Durable:** Using Cordura™ abrasion resistant materials, the Tech Vest® is light weight yet tough enough to handle underground conditions.
- Available:** A range of standard and custom made sizes.
- Rewarded:** Recognized over ten years ago by the NSW Department of Minerals and Resources as an industry innovation.

Solutions

Designed and manufactured in Australia using local and selected imported components, the Tech Vest® has been designed to hold and carry the necessary underground equipment.

Cap lamp battery, self rescuer unit, small tools, glasses and gloves are all catered for.

Fully adjustable at the waist and shoulders ensuring the best fit, the Tech Vest® is available in a range of colours and materials to suit different applications.

The Tech Vest® is the most comfortable and versatile underground equipment harness on the market today.

The Tech Vest™ is available in the following popular sizes:

Small (S):	suit waist size 80-85cm
Medium (M):	suit waist size 85-90cm
Large (L):	suit waist size 90-100cm
Extra Large (XL):	suit waist 100-110cm
2XL Large (XXL):	suit waist size 110-115cm

Custom sized Tech Vests are also available

Tech Vest CSE100

Part No: TVCSE100(Size)

Our most popular Tech Vest® for the Queensland Mining Industry comes with pouches to suit CSE100 SCSR and PED style battery, two front pouches, modular attachment chest points and tool holster.

Nylon Tool Holster

Part No: TVHOL

Simple yet effective, the Tech Vest® nylon webbing tool holster is designed to hold adjustable spanners, large screwdriver and pry bar.

Holster to Suit Black Panther Cutters

Part No: TVHOLBP

Specifically constructed to hold the Black Panther snips. This holster attaches easily to the existing horizontal waist straps, keeping those sharp and pointy snips accessible but out of trouble at the same time.

Chest Strap

Part No: TVCHSBLK or TVCHSBLU

Designed to easily suit any Tech Vest® harness. The chest strap provides additional support across the front of the chest and is installed using the Velcro style attachment points. Additional features include an adjustable strap with quick release buckle and in-built whistle.

Tech Vest Modular Notebook Pouch

Part No: TVNBPM

Constructed from Cordura® nylon, this pouch has been designed to hold a notebook or reading glasses. It also has an internal elastic strap to keep your pens in the one spot. The pouch is interchangeable with either side and attach quickly onto the Tech Vest® using the modular attachment point on the latest Tech Vests.

Tech Vest Utility Pouch

Part No: TVUP

Small utility pouch with Velcro style closures. Attaches to the Tech Vest ® harness using the fixed position loops on the rear of the pouch*. Constructed using Cordura® nylon material.

Size: 8cmW x 6cm D x 15cm H

*Please ensure sufficient space is available on harness.

Drager XAM Gas detector pouch

Part No: TVGDP5600M

Designed for the Drager XAM 5600 gas monitor, this pouch mounts up high on the latest Tech Vest® harnesses so you will not only be able to reach for your gas detector easily, you can also see and hear it too!

Size: 8cm W x 5cm D x 14cm H

Odalog 3000 Gas Detector pouch

Part No: TVGDP3000

This gas detector pouch designed for the Odalog 3000, attaches easily to the existing horizontal waist straps and is constructed from Cordura® Nylon and a 3M Scotchlite® 9910 reflective panel.

Size: 8cm W x 8cm D x 17cm H

750ml drink bottle holder

Part No: TVDB750-1 (Black) TVDB750- 2(Orange)

Heavy duty mesh construction with elastic drawstring and snap hook allowing multiple carrying positions and will also hold 600ml bottles.

Available in black or high visibility orange.
